Little Baby QCPR

Creating quality lifesavers

Understanding the quality of your participants' learning can be challenging. Until now.

Little Baby QCPR is a realistic and affordable pediatric BLS manikin, which utilizes gamified learning and objective feedback. Choose Little Baby QCPR for a complete overview of learner engagement and classroom efficiency, and improve learners infant CPR training quality.

Easy to use. Quality assured.

Set up a class

Use the one-click-connection to set up training. The QCPR Instructor App guides you through the setup of your classroom.

Engage your learners

Increase engagement and confidence in both learner and instructor with a combination of realistic feel and intuitive feedback.

Guideline compliant

With objective feedback on compressions and ventilations, Little Baby QCPR is future proof. It teaches all the parameters of high-quality CPR as defined by the AHA.

A familiar feel

The 3-month-old Little Baby QCPR includes features like:

- Head-tilt with open/locked airway
- Feedback on hand positioning
- Visible chest-rise on ventilations
- See and feel the baby's ribs
- Landmarks, nipples, breast tip
- Limbs with realistic movement
- Durable construction with realistic length and weight
- 2 AA batteries will last for months and are easily changed

Instill confidence in your learners

Foreign body removal

Choking is one of the biggest reasons for cardiac arrest in infants. With Little Baby QCPR you allow learners to practice removal of airway obstructions with accurate level of force.

Correct hand placement

Spot incorrect hand placement with built-in sensors and QCPR app to instantly adjust learners' performance.

Act when it matters

Practice correct compressions, ventilations, and foreign body removal so that learners act with confidence when it matters the most.

Audio feedback for choking training

Hand placement sensor

Always up to date

Use the free QCPR apps to receive continuous updates and new educational features

QCPR Instructor App
For instructors to monitor multiple students.

QCPR Learner App
For students to monitor their own performance.

SkillGuide
Measure, track, and improve CPR skills.
